FORWARD-LOOKING STATEMENT NOTICE

The statements set forth in this report which are not historical constitute "Forward-Looking Statements" within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and Rule 3b-6 promulgated thereunder, including statements regarding our expectations, beliefs, intentions or strategies for the future. When used in this report, the terms "anticipate," "believe," "estimate," "expect" and "intend" and words or phrases of similar import, as they relate to our business or our subsidiaries or our management, are intended to identify Forward-Looking Statements. These Forward-Looking Statements are only predictions and reflect our views as of the date they are made with respect to future events and financial performance. Forward-Looking Statements are subject to many risks and uncertainties that could cause our actual results to differ materially from any future results expressed or implied by the Forward-Looking Statements.

Because our common stock is considered to be a "penny stock", the safe-harbor provisions of the Private Securities Litigation Reform Act of 1995 do not apply to such Forward-Looking Statements.

Our business involves various risks, including, but not limited to, our ability to implement our business strategies as planned in a timely manner or at all; our lack of operating history; our ability to protect our proprietary technologies; our ability to obtain financing sufficient to meet our capital needs; our inability to use historical financial data to evaluate our financial performance; and the other risk factors identified in our filings with the Securities and Exchange Commission.

Because the risk factors referred to above could cause actual results or outcomes to differ materially from those expressed or implied in any Forward-Looking Statements made by us or on our behalf, readers of this report should not place undue reliance on any Forward-Looking Statement. Further, any Forward-Looking Statement speaks only as of the date on which it is made, and we undertake no obligations to update any Forward-Looking Statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of future events or developments. New factors emerge from time to time, and it is not possible for us to predict which factors will arise. In addition, we cannot assess the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any Forward-Looking Statements.

Geospatial Corporation and Subsidiaries
Notes to Unaudited Financial Statements
June 30, 2019

Note 1 – Basis of Presentation

The Unaudited Consolidated Financial Statements included herein have been prepared by Geospatial Corporation (the “Company”) in accordance with accounting principles generally accepted in the United States of America for interim financial information and regulations issued pursuant to the Securities Exchange Act of 1934, as amended. Accordingly, the accompanying Unaudited Consolidated Financial Statements do not include all the information and notes required by accounting principles generally accepted in the United States of America for complete financial statements. The accompanying Unaudited Consolidated Financial Statements as of and for the six months ended June 30, 2019 should be read in conjunction with the Company’s Financial Statements as of and for the year ended December 31, 2018. In the opinion of the Company’s management, all adjustments considered necessary for a fair presentation of the accompanying Unaudited Consolidated Financial Statements have been included, and all adjustments, unless otherwise discussed in the Notes to the Unaudited Consolidated Financial Statements, are of a normal and recurring nature. Operating results for the six months ended June 30, 2019 are not necessarily indicative of

the results that may be expected for the year ending December 31, 2019, or any other interim periods, or any future year or period.

The use of accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Consolidated Financial Statements include the accounts of the Company and its subsidiaries, Geospatial Mapping Systems, Inc. and Utility Services and Consulting Corporation, which ceased operations in 2011. All intercompany accounts and transactions have been eliminated.

On June 12, 2019, the Company's board of directors appointed David M. Truitt as the Company's chief executive officer, director, and chairman of the Company's board of directors. Accordingly, notes payable by the Company to Mr. Truitt that were presented as notes payable in the Company's financial statements as of and for the year ended December 31, 2018 have been reclassified to notes payable to related party.

Note 6 – Net Income (Loss) Per Share of Common Stock

Basic net income (loss) per share of common stock are computed by dividing earnings available to common stockholders by the weighted average number of shares of common stock outstanding during the period. Diluted net income (loss) per share reflects per share amounts that would have resulted if dilutive potential common stock had been converted to common stock. Dilutive potential common shares are calculated in accordance with the treasury stock method, which assumes that proceeds from the exercise of all warrants and options are used to repurchase common stock at market value. The number of shares remaining after the proceeds are exhausted represents the potentially dilutive effect of the securities.

The following reconciles amounts reported in the financial statements:

	Three Months Ended June 30, 2019	Three Months Ended June 30, 2018	Six Months Ended June 30, 2019	Six Months Ended June 30, 2018
Net income (loss)	\$ (193,829)	\$ (286,552)	\$ (568,338)	\$ (723,560)
Weighted average number of shares of common stock outstanding	355,643,425	306,144,225	342,226,017	299,524,117
Dilutive potential shares of common stock	355,643,425	306,144,225	342,226,017	299,524,117
Net income (loss) per share of common stock:

Diluted	\$ (0.00)	\$ (0.00)	\$ (0.00)	\$ (0.00)

The following securities were not included in the computation of diluted net loss per share, as their effect would have been anti-dilutive:

Note 7 – Stock-Based Payments

During the six months ended June 30, 2019, the Company granted warrants to purchase 2,833,332 shares of the Company's common stock to investors in connection with investments in the Company's common stock.

During the six months ended June 30, 2019, the Company granted 4,350,000 shares of the Company's common stock to consultants in consideration for services rendered. The Company recorded expense of \$65,250, the fair value of the services received.

Note 8 – Gains on Extinguishment of Debt

Due to significant cash flow problems, the Company has negotiated concessions on the amounts of certain liabilities and extensions of payment terms. The Company accounts for such concessions in accordance with Financial Accounting Standards Board Accounting Standards Codification (“ASC”) 470-60, Troubled Debt Restructurings by Debtors, and ASC 405-20, Extinguishment of Liabilities, and recognizes gains to the extent that the carrying value of the liability exceeds the fair value of the restructured payment plan. Such gains are included as “Gains on extinguishment of debt” in “Other income and expenses” on the Company’s Consolidated Statement of Operations. In addition, the Company has accounts payable that have aged or are expected to age beyond the statute of limitations. The Company is amortizing those liabilities over the remaining term of the statute of limitations. During the six months ended June 30, 2019, the Company recorded gains on extinguishment of debt of \$78,121. No gains on extinguishment of debt were recorded during the six months ended June 30, 2018.

Note 9 – Registration Payment Arrangements

The Company is contractually obligated to issue shares of its common stock to certain investors for failure to register shares of its common stock under the Securities Act of 1933, as amended (the “Securities Act”). The Company has recorded a liability for the estimated number of shares to be issued at the fair value of the stock to be issued. The Company measures fair value by the price of its common stock at its most recent sale. The Company reviews its estimate of the number of shares to be issued and the fair value of the stock to be issued quarterly. The liability is included on the Consolidated Balance Sheet under the heading “accrued registration payment arrangement,” and amounted to \$76,067 and \$76,337 at June 30, 2019 and December 31, 2018, respectively. Gains or losses resulting from changes in the carrying amount of the liability are included in the Consolidated Statement of Operations in other income and expense under the heading “registration payment arrangements”. The Company had no gain or loss from registration payment arrangements during the six months ended June 30, 2019 and 2018.

The financial statements as of and for the years ended December 31, 2018 and 2017 include a summary of our significant accounting policies and should be read in conjunction with the discussion below. In the opinion of management, all material adjustments necessary to present fairly the consolidated results of operations for such periods have been included in these audited consolidated financial statements. All such adjustments are of a normal recurring nature.

We provide cloud-based geospatial solutions to accurately locate and digitally map underground pipelines and other infrastructure in three dimensions. Our professional staff offers the expertise, ability, and technologies required to design and execute solutions that are delivered in a cloud-based GIS (geographic information system) platform.

We believe that the market for aggregating and maintaining positional data for underground assets is maturing, and that business and governmental entities are beginning to understand the value of such data. We believe that this developing market presents us with an opportunity to deliver long-term value to our shareholders. In order to realize that value, our primary challenge is to raise working capital sufficient to operate our business, and investment capital to hire employees, acquire assets, and expand our business. Management is currently focused on raising capital, and planning to position our business to capitalize on the maturing market for positional data once such capital is in place, including identifying new technologies for aggregating positional data, developing our GeoUnderground software, and planning the strategies and processes for our upcoming marketing campaigns. We use financial and non-financial performance indicators to assess our business, including liquidity measures, revenues, gross margins, operating revenue, and backlog.

Results of Operations

The following discussion should be read in conjunction with our financial statements for the periods ended June 30, 2019 and 2018 and the related notes thereto.

Results of Operations for the Three and Six Months ended June 30, 2019 and 2018

We had sales of \$76,900 and \$143,000 during the three and six months, respectively, ended June 30, 2019. Cost of sales was \$23,400 and \$44,309 for the three and six months, respectively, ended June 30, 2019. Sales were \$262,753 and \$440,567 during the three and six months, respectively, ended June 30, 2018. Cost of sales was \$55,941 and \$98,580 for the three and six months, respectively, ended June 30, 2018. Our sales have fluctuated throughout 2019 and 2018 as our ability to market and perform jobs was hampered by our financial condition. We expect sales and cost of sales to continue to fluctuate as our business continues to mature.

Selling, general, and administrative (“SG&A”) expenses were \$254,244 and \$593,370 for the three and six months, respectively, ended June 30, 2019. SG&A expenses were \$387,979 and \$851,124 for the three and six months, respectively, ended June 30, 2018. The decreases in SG&A costs for the three and six months ended June 30, 2019 compared to the three and six months ended June 30, 2018 were due to decreases in payroll costs due to the resignation of our chief executive officer and reductions in sales and technical headcount, and insurance costs due to reduction in insurance.

Other income and expense for the three and six months ended June 30, 2019 was net income of \$6,915 for the three months ended June 30, 2019, which included interest expense of \$71,206, and gain on extinguishment of debt of \$78,121, and net expense of \$73,659 for the six months ended June 30, 2019, which included interest expense of \$151,831, gain on extinguishment of debt of \$78,121, and gain on foreign currency exchange of \$51. Other income and expense for the three and six months ended June 30, 2018 was net expense of \$105,385 for the three months ended June 30, 2018, which included interest expense of \$103,529, and loss on disposal of equipment of \$1,856, and net expense of \$214,560 for the six months ended June 30, 2018, which included interest expense of \$214,278, other income of \$1,711, and loss on disposal of equipment of \$1,856. The decrease in interest expense in 2019 was due to amortization of deferred debt issuance costs on the Truitt Notes that were fully amortized in 2018. The Company had no such amortization expense in 2019. The gain on extinguishment of debt in 2019 was due to forgiveness of debt by our former chief executive officer due to his resignation.

Gains or expense related to registration payment arrangements result from a series of Stock Subscription Agreements we entered into in 2009 and 2010 (the “Stock Subscription Agreements”). We were required to register the shares of common stock sold pursuant to the Stock Subscription Agreements under the Securities Act. Our failure to timely register the shares of common stock under the Securities Act timely resulted in our obligation to issue additional shares (“Penalty Shares”) to investors who purchased shares pursuant to the Stock Subscription Agreements. We recorded a liability on our books for the value of the estimated number of shares to be issued. We incur losses on our registration payment arrangements when the estimated number of Penalty Shares to be issued increases, or when the value of our common stock increases. We record gains on our registration payment arrangements when the estimated number of Penalty Shares to be issued decreases, or when the value of our common stock decreases. We had no gains or losses related to registration payment arrangements during the three and six months ended June 30, 2019 and 2018. We expect that income or expense related to registration payment arrangements will fluctuate as the price of our common stock and the estimate of the number of Penalty Shares to be issued fluctuate.

We had no benefit from income taxes during the three and six months ended June 30, 2019 and 2018, as our deferred tax benefit was completely offset by

Liquidity and Capital Resources

At June 30, 2019, we had current assets of \$116,031, and current liabilities of \$3,478,613. Our Company has incurred net losses since inception. Our operations and capital requirements have been funded by sales of our common and preferred stock, advances from our chief executive officer, and issuance of notes

payable. At June 30, 2019, current liabilities exceeded current assets by \$3,362,582, and total liabilities exceeded total assets by \$3,362,233. Those factors raise doubts about our ability to continue as a going concern.

On April 2, 2015, we entered into a Note and Warrant Purchase Agreement with David M. Truitt, pursuant to which Mr. Truitt loaned us \$1,000,000 pursuant to a Secured Note Payable (as amended, the "Truitt Note") that is secured by substantially all of the Company's assets, and is convertible at the holder's option to shares of the Company's common stock at a discount to our trading value. Mr. Truitt was appointed as the Company's chief executive officer and chairman of the board of directors on June 12, 2019. The Truitt Note was originally due on October 2, 2015. On January 26, 2016, we entered into an Agreement and Amendment with Mr. Truitt (the "January 2016 Amendment"), pursuant to which Mr. Truitt loaned us an additional \$250,000, and extended the due date of the Truitt Note to July 31, 2016. We also issued Mr. Truitt warrants to purchase 25.0 million shares of our common stock in connection with the January 2016 Amendment. On August 12, 2016, we entered into an Agreement and Amendment with Mr. Truitt (the "August 2016 Amendment"), pursuant to which Mr. Truitt agreed to extend the maturity date of the Truitt Note to January 31, 2017, in consideration for the Company issuing to Mr. Truitt warrants to purchase 12.0 million shares of the Company's common stock. On November 9, 2016, we made a payment of \$200,000 of the balance of the Truitt Note. On December 14, 2016, we entered into a Note and Warrant Purchase Agreement (together with the Truitt Note, as amended, the "Truitt Notes") with Mr. Truitt, pursuant to which Mr. Truitt loaned the Company an additional \$100,000 subject to the terms of the Truitt Note, and the Company issued to Mr. Truitt warrants to purchase 100,000 shares of the Company's common stock. On August 31, 2017, we entered into an Agreement and Amendment with Mr. Truitt (the "August 2017 Amendment") pursuant to which (i) the maturity date of the Truitt Notes were extended to June 1, 2018; (ii) the price at which the Truitt Notes are convertible to shares of the Company's common stock was amended to institute a floor of \$0.02 per share; (iii) the interest rate on the Truitt Notes were amended to 15% per annum effective upon the execution of the August 2017 Amendment; (iv) the events of default under the Truitt Notes were waived; and (v) the Company delivered to Mr. Truitt a warrant to purchase 20.0 million shares of the Company's common stock at a price of \$0.01 per share. On June 15, 2018, we entered into an Agreement to Amend Notes and Security Agreements with Mr. Truitt, pursuant to which (i) the due dates on the Truitt Notes were extended to September 15, 2018; (ii) the event of default of June 1, 2018 was waived; (iii) the Company agreed to use a portion of newly-raised capital to repay a portion of the Truitt Notes; (iv) the governing law, jurisdiction, and venue of the Truitt Notes was changed to Fairfax County, Virginia; and (v) increase the interest rate to 20% effective June 1, 2018. We currently do not have the ability to pay the Truitt Notes.

During 2018, we sold approximately 22.1 million shares of common stock for a net consideration of \$326,000, and received \$100,000 for the exercise of warrants to purchase 10.0 million shares of common stock. In addition, we issued approximately 7.2 million shares of stock for services with a fair value of \$107,700, and converted approximately \$176,000 of liabilities to notes payable. We also issued \$200,000 of unsecured convertible promissory notes.

From January 1, 2019 through August 9, 2019, we sold approximately 21.7 million shares of common stock for a net consideration of approximately \$325,000, and issued approximately 4.4 million shares of common stock for services with a fair value of approximately \$65,000. In addition, we converted liabilities with a fair value of approximately \$222,000 to approximately 14.8 million shares of common stock. We also issued promissory notes totaling \$150,000 to Mr. Truitt for cash (the "2019 Truitt Notes"). The 2019 Truitt Notes require us to remit 50% of our collections on accounts receivable to Mr. Truitt until the 2019 Truitt Note and accrued interest are paid in full, and thereafter requires us to remit 25% of our collections on accounts receivable until the Truitt Notes are paid in full.

Management is continuing its efforts to secure funding sufficient for the Company's operating and capital requirements through private sales of common stock and issuance of notes payable, and to negotiate settlements or extensions of existing liabilities. The proceeds of such sales of stock or issuances of notes payable, if any, will be used to repay the Truitt Notes and to fund general working capital needs.

We changed the focus of our company to position us to generate revenue from both data acquisition and data management. We expanded our service offerings to provide data acquisition services utilizing several technologies. We are developing a new, cloud-based mapping software to be marketed under our existing name GeoUnderground that replaces our previous version of GeoUnderground. We currently utilize GeoUnderground to deliver data to customers. We began to offer GeoUnderground to customers on a test basis during 2018, and intend to begin to offer GeoUnderground as a subscription-based stand-alone product in 2019. We believe that our changes to our operating focus will enable us to begin to generate significant revenue from operations.

We believe that our actions and planned actions will enable us to finance our operations beyond the next twelve months.

We do not believe that inflation and changing prices will have a material impact on our net sales and revenues, or on income from continuing operations.

Off-Balance Sheet Arrangements

The Company had no off-balance sheet arrangements as of June 30, 2019.

Contractual Obligations

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information under this item.

Application of Critical Accounting Policies

We prepare our financial statements in conformity with accounting principles generally accepted in the United States of America, which require us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates and assumptions which, in our opinion, are significant to the underlying amounts included in the financial statements and for which it would be reasonably possible that future events or information could change those estimates include:

Registration Payment Arrangements. We are contractually obligated to issue shares of our common stock to certain investors for failure to timely register their shares of our common stock under the Securities Act. We have recorded a liability for the estimated number of shares to be issued at the fair value of the stock to be issued. We review on a quarterly basis our estimate of the number of shares to be issued and the fair value of the stock to be issued.

Realization of Deferred Income Tax Assets. We provide a net deferred tax asset or liability equal to the expected future tax benefit or expense of temporary reporting differences between financial reporting and tax accounting methods and any available operating loss or tax credit carryovers. At June

EX-10.1 2 gs_ex10z1.htm TERMINATION OF EMPLOYMENT AGREEMENT AND WAIVER OF RIGHTS
EXHIBIT 10.1

**TERMINATION OF EMPLOYMENT AGREEMENT
 AND WAIVER OF RIGHTS**

This Agreement (“Agreement”) is entered into by and between Geospatial Corporation, a Nevada corporation (the “Company”), Mark Smith (“Smith”), and David Truitt (“Truitt”) and is effective as of June 6, 2019. The Company, Smith and Truitt shall collectively be referred to as the “Parties.”

RECITALS

A. During the time when Smith served as CEO of the Company, Smith and the Company entered into an Employment Agreement dated October 18, 2013 (the “Employment Agreement”).

B. Due to the financial stress of the Company and the desired separation of the Parties, which includes the resignation of Smith as CEO of the Company as of June 6, 2019, and the subsequent appointment of Truitt as the new CEO of the Company by the Company Board of Directors, the Company and Smith desire to terminate the Employment Agreement as of June 6, 2019. As part of the termination of the Employment Agreement, Smith agrees to waive any and all rights to any salary, compensation, bonuses, insurance, employee benefits and any other rights enumerated in the Employment Agreement, including all claims that he resigned for “*Good Reason*” as defined in the Employment Agreement and/or that he is entitled to retirement benefits or any other post-employment benefits, insurance, compensation, bonuses or any other type of payment from the Company.

C. In addition, due to the financial stress of the Company, the Company had not paid Smith for certain salary and other compensation prior to June 6, 2019. In exchange for the covenant of the Company’s lender and shareholder, David Truitt, not to file a lawsuit against Smith for fraud, Smith agreed to waive any and all rights that he had or may have had to be paid with respect to any salary and other compensation with respect to his employment with the Company prior to June 6, 2019.

NOW, THEREFORE, the Parties agree as follows:

AGREEMENT

1. Termination of Employment Agreement and Waiver of Rights to Compensation and Benefits. The Company and Smith agree to terminate the Employment Agreement entered into between the Company and Smith on October 18, 2013. The termination of the Employment Agreement shall be effective as of June 6, 2019. In addition, Smith agrees to waive any rights to any salary, compensation, bonuses, insurance, employee benefits and any other rights enumerated in the Employment Agreement, including all claims that he resigned for “*Good Reason*” as defined in the Employment Agreement and/or that he is entitled to retirement benefits, or any other post-

employment benefits, insurance, compensation, bonuses, or any other type of payment from the

Company.

2. Unpaid Salary. At various times prior to June 6, 2019, the Company did not have sufficient cash resources to make payroll. As a result, the Company did not pay certain salary and other compensation which the Company owed to Smith, which was carried as accrued unpaid salary on the books and records of the Company. In exchange for the covenant of the Company's lender and shareholder, David Truitt, not to file a lawsuit against Smith for fraud, Smith previously agreed via email to waive any and all rights that he had or may have had to receive any compensation with respect to his employment with the Company prior to June 6, 2019. Smith and Truitt desire to formally memorialize their verbal/email agreement, and to expressly acknowledge that this verbal/email agreement includes, but is not limited to, the Employment Agreement and any unpaid salary, bonuses, or other compensation, whether or not it is enumerated in the terminated Employment Agreement, recorded on the books of the Company as accrued unpaid salary, or otherwise.

3. Smith Shareholder Rights. The Parties expressly acknowledge that this Agreement, including any Smith waiver, does not affect any rights that Smith has as a shareholder of the Company.

IN WITNESS WHEREOF, the Parties desire a clean break and hereby enter into this Agreement to accomplish the desired objective.
