ABOUT SECURTER

Securter Systems, Inc. is developing proprietary, credit card payment platform to increase the security of online credit card payment processing, globally. Securter technology (2nd stage) reduces immense losses by financial institutions and merchants that arise from fraudulent credit card use. Securter technology (2nd stage) also protects cardholder privacy by eliminating the need to distribute credit card details to 3rd parties, where such information is ordinarily stored, becoming vulnerable to theft or manipulation. Securter technology can and will be integrated into complementary payment methods, including blockchain derivatives to come for independent platforms. Securter has internal R&D capability and management to support Digatrade's overall business mission.
